**6<sup>th</sup> World Congress on Nursing**

# WHO CAN ATTEND

## Academic

- Nursing Lecturers
- Nurses and Nursing Students
- Nursing Researchers
- Nursing Professors
- Faculty
- Medical College students
- Doctors
- Registered Nurses
- Nurse Practitioners
- Pharmaceutical Industries
- Healthcare Industries

## Business

- B2B Marketing
- Manufacturing Companies
- Biomedical Industries
- Industrial Professionals
- Entrepreneurs
- Business People
- Pharmaceutical Companies
- Exhibitors
- Sponsors
- Media Partners &
- Collaborations

# WHY ATTEND

- Educational & Job opportunities
- Networking With Academic & Business people
- Discuss the latest research in the field
- Improve your presentation and communication skills
- Participate in debates & Share your ideas
- Get an international exposure
- Learn different cultures

# 2027 TOPICS

## **Future of Nursing in Global Healthcare**

- Evolution of nursing roles in modern healthcare systems
- Global nursing workforce challenges and opportunities
- Policy reforms shaping nursing practice
- Nursing contributions to universal health coverage
- Sustainable healthcare delivery through nursing leadership

## **Nursing Leadership and Healthcare Management**

- Strategic leadership in nursing administration
- Healthcare quality improvement initiatives
- Crisis management and emergency preparedness
- Workforce resilience and retention strategies
- Ethical leadership in healthcare organizations

## **Evidence-Based Nursing Practice**

- Translating research into clinical practice
- Clinical decision-making frameworks
- Quality indicators in nursing care
- Nursing-sensitive patient outcomes
- Best practices in patient safety

## **Critical Care and Emergency Nursing**

- Advanced critical care interventions
- Trauma and emergency response nursing
- Sepsis management protocols
- Intensive care innovations
- Disaster and mass casualty nursing

## **Medical-Surgical Nursing**

- Post-operative care advancements
- Chronic disease management
- Pain management strategies
- Infection prevention and control
- Patient-centered care approaches

## **Oncology Nursing**

- Cancer care coordination
- Palliative oncology nursing
- Immunotherapy and targeted treatment support
- Survivorship care planning
- Psychological support for oncology patients

## **Cardiac Nursing**

- Cardiovascular disease management
- Cardiac rehabilitation nursing
- Heart failure patient education
- Interventional cardiology nursing
- Telemetry and cardiac monitoring

## **Neurological Nursing**

- Stroke management and rehabilitation
- Neurocritical care practices
- Dementia and cognitive care
- Parkinson's disease nursing management
- Neurosurgical nursing updates

## **Maternal and Women's Health Nursing**

- High-risk pregnancy management
- Midwifery and maternal safety
- Reproductive health nursing
- Postpartum care innovations
- Breastfeeding support and education

## **Pediatric Nursing**

- Pediatric intensive care nursing
- Neonatal nursing advancements
- Childhood immunization strategies
- Pediatric chronic illness management
- Family-centered pediatric care

## **Community and Family Health Nursing**

- Community outreach models
- School health nursing
- Preventive healthcare programs
- Health promotion and disease prevention
- Family caregiver support systems

## **Psychiatric and Mental Health Nursing**

- Mental health crisis intervention
- Addiction and substance abuse nursing
- Trauma-informed nursing care
- Suicide prevention strategies
- Psychiatric rehabilitation programs

## **Emotional Wellbeing of Nurses**

- Burnout prevention and resilience
- Workplace mental health support
- Compassion fatigue management
- Mindfulness and stress reduction
- Work-life balance in nursing

## **Digital Health and Tele-Nursing**

- Telehealth implementation in nursing
- Remote patient monitoring
- Virtual nursing models
- Mobile health applications
- Digital documentation systems

## **Artificial Intelligence and Smart Healthcare**

- AI-assisted clinical decision support
- Predictive analytics in patient care
- Robotics in nursing practice
- Automation in healthcare delivery
- Ethical implications of AI in nursing

## **Simulation and Nursing Education Technology**

- Virtual simulation learning
- High-fidelity simulation training
- Augmented and virtual reality in nursing education
- E-learning platforms for nurses
- Competency-based education models

## **Nursing Curriculum and Academic Excellence**

- Competency-based nursing education
- Clinical teaching methodologies
- Interprofessional education
- Accreditation and quality standards
- Future-ready nursing curricula

## **Advanced Practice Nursing**

- Nurse practitioner roles
- Clinical nurse specialists
- Advanced clinical competencies
- Independent nursing practice
- Scope of practice regulations

## **Continuing Nursing Education**

- Lifelong learning in nursing
- Professional certification pathways
- Mentorship and coaching models
- Leadership development programs
- Research training for nurses

## **Public Health Nursing**

- Vaccination and immunization programs
- Epidemiology for nurses
- Outbreak preparedness and response
- Health equity and social determinants
- Environmental health nursing

## **Global Health and Humanitarian Nursing**

- Nursing in low-resource settings
- Refugee and migrant healthcare
- Humanitarian response nursing
- International nursing collaboration
- Climate change and health impacts

## **Geriatric and Long-Term Care Nursing**

- Healthy aging strategies
- Dementia care innovations
- Long-term care management
- Palliative and end-of-life care
- Fall prevention and mobility support

## **Nursing Research and Innovation**

- Quantitative and qualitative research methods
- Clinical nursing trials
- Implementation science in nursing
- Publishing nursing research
- Innovation and entrepreneurship in nursing

## **Ethics and Legal Issues in Nursing**

- Patient rights and advocacy
- Ethical dilemmas in critical care
- Legal accountability in nursing practice
- Informed consent and confidentiality
- Cultural competence and ethical care

## **Health Policy and Advocacy**

- Nursing influence on health policy
- Healthcare financing and nursing
- Advocacy for patient safety
- Workforce policy development
- Global nursing standards and regulations

## **Rehabilitation and Palliative Care Nursing**

- Holistic rehabilitation approaches
- Pain and symptom management
- Hospice nursing care
- Spiritual care in nursing
- End-of-life communication strategies

## **Integrative and Complementary Nursing Care**

- Holistic nursing approaches
- Integrative medicine in nursing
- Nutrition and lifestyle interventions
- Patient wellness programs
- Cultural healing practices

## **Tentative Panel Discussion Topics**

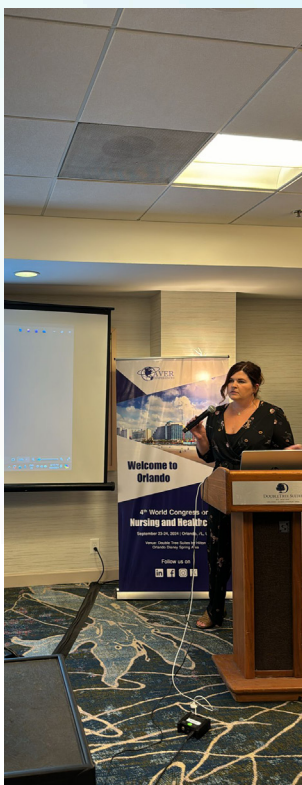

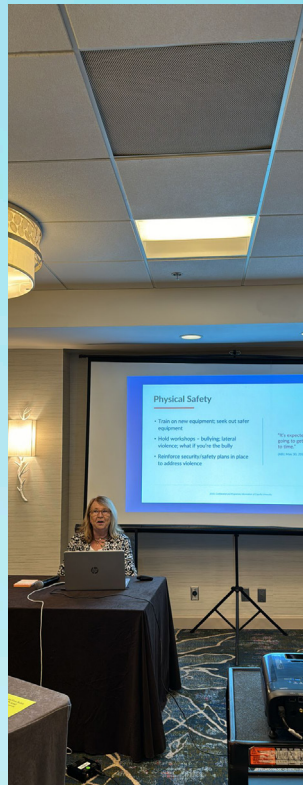

- Addressing nurse shortages globally
- Global collaboration in nursing education
- Balancing technology with compassionate care
- The future of telehealth nursing
- Should AI replace certain nursing tasks?
